Full job description

Due to the current Covid-19 situation and the subsequent travel/visa restrictions in place, we will be prioritizing candidates who are currently residing in Australia. Applicants must also have a right to work in Australia as Corin Australia is currently unable to sponsor a visa for this position.

As a leader in orthopaedic innovation, Corin has pioneered a number of landmark orthopaedic developments since its foundation in 1985. We are very proud that we have been able to improve the quality of life of thousands of patients around the world through these ground breaking products, and believe this heritage distinguishes Corin within the global orthopaedic market. Our technologies enable surgeons to perform patient-specific procedures and gain a unique level of insight and understanding allowing them to easily monitor progress and achieve the most positive results. Improving patient satisfaction is at the centre of everything we do by delivering personalised technologies that optimise our clinically proven joint replacements.

Corin Australia are currently looking for an experienced and motivated Loan Kit Technician to join our dedicated Warehouse Team. This full-time, ongoing position is based out of our Sydney warehouse located in Pymble.

Our Warehouse Team are responsible for ensuring our products arrive at hospitals around Australia for orthopaedic surgeries on time and in full. As a

Loan Kit Technician with Corin, you will ensure the correct management of all kit resources, so they can effectively be picked, packed and dispatched to meet our surgeon/customer needs. You will also work closely with our Customer Service and Sales Team as well as other internal and external stakeholders to ensure correct information is available for correct kit processing and invoicing. Strong written and verbal communication and a passion for what we do is essential.

Requirements

To be successful, you will have a minimum of 2 years' experience within a similar role, ideally within medical devices. Prior experience working to ISO13485 standards will be highly regarded. You will have a proven track record of excellent customer service or similar transferrable experience. To excel in this role, it is essential that you also have:

- Superior attention to detail and the ability to work with a high level of accuracy
- The ability to manage high volume inventory, working well under pressure to tight deadlines
- Exceptional interpersonal and communication skills
- Strong work ethic, reliable and punctual
- Ability to work well both in a close knit team environment and autonomously, with minimal supervision
- Analytical and logical approach to problem solving
- The ability to work on-call/after hours on a rotating roster
- Knowledge of safe lifting principles due to heavy lifting
- Prior experience working in supply chain within medical devices will be highly regarded

Benefits

In return we will offer you a competitive remuneration and benefits package, opportunities for growth and development, within a dynamic and supportive team environment. At Corin we believe that to be successful at work, you need to enjoy what you do. You have to be rewarded for your efforts and motivated to keep going even when the pressure's on. We will help you to play to your strengths and develop and build a career you can be proud of. These are just some of the reasons we were awarded one of Australia's Best Places to Work in 2020! For further information visit <https://www.coringroup.com/au/>

Due to the volume of applications expected for this position, please note that only shortlisted candidates will be contacted. We are looking to fill this position as soon as possible.
