Full job description

Pro-draulics is a Townsville based hydraulic and pneumatic Company with the goal to excel. Add to this a great culture where ideas are encouraged and teamwork is achieved to deliver solutions fo our Client's needs.

We are a **Specialised Parker Distributor** and are the ONLY Queensland/Northern Australian **Commercial Gear Pump and Motor Build Centre.**

The successful applicant will be required for:

- Work shop / site work including occasional mine site work;
- Breakdown, diagnosis, repairs, service, trouble shooting;
- Preventative maintenance;
- Cylinder rebuild; machining / boring;
- Pump and Motor builds;
- On site installation, upgrading and / or modification work;
- Hose repairs / replacements; and
- After hours breakdowns on a rotating roster.

We are seeking an experienced trade qualified fitter and turner, preferably with hydraulic/pneumatic experience, who enjoys a challenge, has a "can do" approach and willingness to learn in a fast paced environment. You must have a current manual drivers licence, excellent communication skills, a positive attitude and work well within a team as well as work autonomously unsupervised. If you have these attributes and looking forward to a change,

then this position is for you!

Trades assistants skilled in this field are also encouraged to apply.

Wages appropriate to experience and will be negotiated.

Include your resume and apply now.
