Full job description

Redcliffe, WA

A busy workshop that services and repairs passenger vehicles including diesel fuel injection systems is looking for an automotive tech to diagnose and provide solutions to mechanical issues to passenger vehicles. Additionally, a good understanding and experience of diesel fuel systems is necessary to repair diesel fuelled 4wds.

The work shop is clean and modern and you will be supported to perform your best to ensure customers have a quick turn around with fixing issues with their vehicles.

This is a full time position with good pay of \$ 63,232.00 p.a plus superannuation awaits you coupled with ongoing training will be provided; to maintain your ability to manage changing vehicle technology. Please send your resume for consideration if you meet the requirements as follows;

- Qualified as a Vehicle Technician
- Experienced in diagnosing and repairing passenger vehicles for basic electrical and mechanical faults.
- Experienced in repairing diesel fuel system faults
- Able to work efficiently under pressure
- Able to work in a team environment and responsible to work alone.
- Experienced working on 4wds
- In good physical health
- Good communication skills
