### Full job description

*Moorabbin Airport, VIC*

Our client is an established specialist aircraft hydraulic and mechanical repair and overhaul aviation company located at Moorabbin Airport, is looking for an aircraft mechanic.

#### Your Tasks:

- Disassembly, inspecting, testing, repairing and reassembling aircraft landing components, hydraulics, engines, engine accessories, electrical systems, airframe components and assemblies
- Installing and testing aircraft electrical, and avionics equipment using specialist equipment
- Testing aircraft instrumentation and electronic systems using electronic testing equipment and specialised test apparatus
- Assembling parts and subassemblies of aircraft frames

- Conducting routine pre-flight inspections of engines, aircraft frames and mechanical systems
- Maintaining records of aircraft maintenance activities
- Adoption of company quality and safety management systems by adhering to company and regulatory procedures to ensure that all work is performed to a high safety standard at all times

**Your Skills and Experience:**

- You will possess strong attention to detail and have passion and pride in the quality of your work.
- You must have a minimum of 2 years of relevant experience and trade qualified, or 3 years of relevant experience.

**Your Remuneration**

Salary range \$55,000 - \$65,000 + superannuation.

Please note only successful candidates will be contacted to arrange an interview.
