### Full job description

#### Your new company

This large, fast growing, diverse and established Municipality based in Melbourne's Inner South East suburbs, is currently seeking a Drainage Coordinator to assist the team and be responsible for all drainage projects coming through. This is an initial 6-month contract role with the view to turn permanent.

#### Your new role

As a Drainage Coordinator, your day to day responsibilities will be:

- Management of reactive drainage upgrade and renewal projects including investigation, scoping, design & construction.
- Maintenance renewal and responsibility of network cleaning.
- Assist with water sensitive urban design, policy and guidelines.
- Building Permit & Planning Permit development application referrals for declaration of flood levels.

#### What you'll need to succeed

The successful person will be a qualified civil engineer, with demonstrated experience in drainage stormwater and urban knowledge. You will have strong working knowledge and understanding of local and government standards and construction/project management experience

#### What you'll get in return

You will be given the opportunity to work in a diverse role, where no one day is the same and be given the opportunity to step up in your role. In addition, this role will provide you a foot in the door and a chance to secure a permanent role.

#### What you need to do now

If you're interested in this role, click 'apply now' to forward an up-to-date copy of your CV or send direct to Alissa.Sara@hays.com.au.
