Full job description

Senior Open Pit Mine Planning Engineer * LocationWest Perth, WA 6005 * Positions1 Position * Published At:2 months ago * Planning Engineer * Job no: G843G St Barbara is a growing gold company with a global outlook. We're here to create value in everything we do, for our people, our communities and our shareholders. An ASX200 company, our gold mining operations are located in Australia (Western Australia), Canada (Nova Scotia) and Papua New Guinea (Simberi). As we operate our business and care for our people, we are guided by our five commitments and values-led culture. These commitments are: Safety always; Empowered people, Diverse teams; Stronger communities; Respecting the environment; and Growing sustainably. Our strong, values-led culture drives our behaviour and guides our decision making every day as we deliver to promise on our commitments. We are proudly an employer of choice, committed to inclusion and diversity. We're the only Australian mining company to be recognised as an Employer of Choice for Gender Equality by the Workplace Gender Equality Agency (WGEA); and in February 2021, we received this recognition for the seventh consecutive year. We provide industry best practice parental leave and return to work provisions, with nil gender pay gap in like-for-like roles. We are committed to addressing pay equity and gender equality through our recruitment, promotions, rewards and recognition. Reporting to the Manager Mine Planning, as the Senior Open Pit Mine

Planning Engineer you will be responsible for open pit optimisations and designs, cost models and schedules to support the evaluation and development of projects within St Barbaras province plan portfolio. This opportunity is a permanent role, based in our Perth Corporate Office on a Monday Friday roster. The Opportunity

- * Ensure and monitor safety in the workplace by identifying and addressing hazards, participate in improving safety and ensure all reporting requirements are completed.
- * Conduct open pit optimisations and analysis including complex recommendations and advisory services to the St Barbara group.
- * Generate open pit and waste dump designs and schedules.
- * Develop robust cost models for the Groups open pit mines.
- * Contribute to scoping, pre-feasibility and feasibility mining studies for the Group.
- * Support preparation of ore reserves as required on PFS or FS studies.
- * Ensure sufficient geological information is gathered to support the generation of reliable mine plans in consultation with technical services and geology teams.
- * Provide quality expert technical support to the exploration and business development teams as required.
- * Identify business improvement and optimisation ideas and lead and implement approved improvement initiatives.

What you can expect from us

- * A caring and supportive culture.
- * A high-performing St Barbara community.
- * Professional and positive team environments on site, and at all facilities.
- * A 'grow our own' approach with a preference to develop and promote internally.
- * Access to professional development activities and educational assistance.
- * Competitive salary and options for salary sacrificing.
- * Access to a generous superannuation scheme including salary continuance and death and disability cover.
- * A proud Equal Opportunity Employer and Employer of Choice for Gender Diversity.

What we will expect from you

You should feel a strong alignment with St Barbaras values as you will be required to live them.

- * You are able to produce a National Police Clearance (valid within the last 12 months) for site access purposes.
- * You have a current unencumbered C Class Drivers Licence.
- * Degree qualified in relevant discipline.
- * At least 8 years of experience in the mining industry with at least 3 years in onsite roles.
- * A strong demonstrated understanding of open pit mining methods.
- * Proficiency with performing open pit optimisations (Whittle or equivalent).
- * Proficiency in designing open pits and waste dumps.
- * Proficiency with mine scheduling software.
- * Demonstrated effective time management and prioritising skills, including the ability to make effective decisions.

Does this sound like you? If so, wed love to hear from you. For further information on St Barbara and to apply for this role, Please note, candidates are required to undertake pre-employment checks including pre-employment medical, drug and alcohol screens and a police check/criminal history check. Candidates must have the ability to be cleared for a National Police Clearance for site access purposes.
