Full job description

Newly created position in growing leading Australian business

This is a market-leading organisation providing specialised transport and logistics services to a range of industry's Australia-wide. They have a clear corporate vision, an experienced management team, and with a strong outlook for 2021 and beyond. They are now looking to expand their commercial team and have created the new position of Revenue Analyst.

The Revenue Analyst is responsible for providing insights into revenue and performance while also assisting the budgeting and forecasting process. More specifically the role will include:

- Present insightful analysis on existing revenue performance and future revenue management opportunities
- Analyse customer and service trends
- Provide commentary and analysis on customer turnover
- Prepare revenue budgets and forecasts
- Support month-end close processes
- Interpret large volumes of data and present results in a professional format
- Assist ongoing process improvement initiatives including strengthening controls and improving process efficiency

The ideal candidate will possess the following skills and experience;

- 5 years' + experience in a similar position
