### Full job description

#### Are you an Environmental Engineer or Scientist?

Perth is experiencing increased demand for skills within the environmental sector. The healthy WA economy combined with a stated \$6.5billion worth of infrastructure projects in the pipeline makes Perth a prime location for talented individuals to reside.

With projects already at various stages of completion and an array of new works planned, now is the time to explore opportunities and position yourself for the next step in your career.

#### Skills in demand

Hays requests expressions of interest for various roles within the environmental space including:

- Contaminated Land
- Approvals
- Environmental Compliance
- Sustainability
- HazMat
