TELCO

Full job description

Our client, leading Australian Telco, is seeking an **Integration Lead** to represent the Cloud Service Management team for **service assurance process** and bring together all the necessary elements to deliver an optimal, **Operational Readiness** experience.

The successful candidate will be responsible for:

- Assess operational requirements, compliance artefacts and corresponding actions to enable and empower the operational readiness process be it AWS or Azure or GCP or other external or internal cloud platforms.
- Engage stakeholders
- Drive operational delivery to ensure a seamless and timely transition of solutions into service and minimise uncertainties to the business
- Assisting in mitigating and/or documenting known issues and risks.
- Work collaboratively with the relevant Product Manager or Scrum Master in developing the operational aspects of the operational compliance delivery plan and schedule,
- Help assemble, engage and lead a cross team of subject matter experts from impacted lines of business.

The successful candidate will possess:
