Full job description

Calling all DBYD Certified Locators and Utility Surveyors!

Are you looking for the next challenge in your career and want to join a company that values you for the skills and expertise you bring to a team and growing industry? We are the perfect fit for you.

Do you believe that everyone deserves to go home after work safely?

We do. Safety is high on our priorities.

Do you believe our community should be free from preventable service and utility disruptions?

Our role is to protect underground assets. Damage to these services can cause multiple layers of disruption and delays to our clients and the wider Sydney community.

Do you want to make a difference to the safety of civil and excavation crews on site? We are passionate about protecting underground services. The sunny

work sites we cover all around the best city in the world make the role so enjoyable.

If this sounds like you, and you have a locators head on your shoulders, we want to meet you.

We're looking for experienced locating technicians to move us closer to our mission of being the most reliable and accurate subsurface utility locating company in our industry.

We are a growing company looking to take advantage of our positive reputation in the industry and continue to build the best team in the coming years.

We can work long hours on occasions. We make sure we get the job done right!

We don't take short cuts so please do not apply if you like the easy way out.

We allocate sufficient time to complete a project to minimise that rushed feeling. Doing things right the first time is what matters the most.

If you have read this far and you check all the boxes, send me an email to careers@geoscopelocating.com.au – tell me why you're the right person for the job and we can set up some time to talk more.

In the subject line write: I am the right person for the job

If you are the right team member, I guarantee you will help make this industry and Sydney, a better place for tomorrow.

Salary negotiated on experience and value brought to team.

Potential new team must have the following:

- DBYD Certified Locator
- 2+ years experience locating experience.
- Proficient with Radiodetection equipment
- Ground Penetrating Radar experience. Certification preferred.
- Qualified Surveyor
- Pit and manhole lifting expertise
- Confined Space Entry Certified Training
- Gas Test Atmospheres Certified training
- Strong interpersonal and communication skills.
- Rail Industry Worker Card
- NSW Drivers Licence – Must be able to drive manual
- Computer and iOS literate
- Punctual and ability to meet deadlines
- Willing to travel to regional areas
- Permanent Resident
