Full job description

Rope Access Technicians INLECS - Oil and Gas Offshore Monadelphous Regional, Western Australia Contractor Job Details Across the Monadelphous workforce, you will find stories of people who took an opportunity to make a difference with us and built a career and lifetime friendships as a result. We employ over 5,000 highly skilled people who contribute positively to our operations and the communities in which we operate. Ours is a culture built over 30 years, and it is the reason for our continued success. Monadelphous has over 25 years' experience delivering comprehensive maintenance services, sustaining capital works, shutdowns and facilities management to the oil and gas industry. We partner with top-tier clients to maintain their key offshore assets locally, and your role may see you working amongst several of these assets as we deliver a diverse range of expertise. The role of Rope Access Technicians will see you working on one of our offshore facilities as part of our maintenance crew commencing mid-June through to June 2022. We require Rope Access Technicians trade qualified as INLEC's for maintenance work preferably in an offshore environment. The benefits We provide the
