GREAT CENTRAL LOCATION

Full job description

- **Great central location**
- **3 month contract**
- **Python/Django developing**

Our client is a reputable company based in the **Perth CBD** looking for a **Python developer** with experience in **Django** to develop the UI and package the functions of a solution on an initial **3-month contract**.

Responsibilities include:

- Develop **user interface (UI)** for the application.
- **Peer review** and **test usability** with users.
- Work with Applications team to ensure compliance with standards and procedures.
- **Package functions** to ensure integration.
- Assist with training end users.

Key skills:

- Proven experience in **Python development** specifically with **Django**.
- Experience working with **Azure DevOps** tools.
- Ability to work with **SQL, Oracle, Firebird** databases (desirable).
