Enrolled Nurses play an important role at Juniper and are highly regarded. We have an opportunity available for an experienced Enrolled Nurse skilled in observing, assessing and responding to the needs of those they are caring for. If you are comfortable communicating with people of all backgrounds and confident supervising others we would love to receive your application to join the team at our Juniper Charles Jenkison site. Located in Bentley, this facility provides care and assistance to 60 clients who are transitioning from hospital to residential care or back into the community. The purpose of this role is to provide exceptional person centred care for our residents and contribute to a multidisciplinary team of staff. The role also includes the responsibilities of assisting with resident assessments, planning and evaluations in a clinical, residential aged care setting.

The successful candidates will be offered permanent roles working night shift, either 52.5 hours per fortnight over 6 days or 70 hours over 8 days. Both roles require some weekend work.

Key Responsibilities of this role:
