portfolio initiatives and technology programs that will benefit the Technology business and assist in value creation to deliver the technology strategy. This includes the delivery of Corporate and Technology strategic and transformation initiatives. Working closely with key Technology stakeholders to deliver technology and services capability, the function delivers exceptional benefit to the Technology business through value creation, delivering on Enterprise and Technology strategic initiatives

What you'll do You will lead the Enterprise Systems BA team and act as Technologys key domain leader for business analysis within Enterprise Systems. You will be the key interface between the development teams and the Enterprise Systems platform teams to deliver planned initiatives. Reporting to the Head of Portfolio & Delivery Enterprise Services, you will provide strategic and tactical oversight for creating, sustaining, implementing, and driving delivery of effective business analysis capability to support Technology business objectives. You will also assist with reviewing existing operational and support processes, helping to identify opportunities to add value, so ensuring technology is continually improving and of the highest quality on a global scale.

What you'll bring

- * Experience in senior technology roles, managing a team of Business Analysts and contributing to the delivery of large scale, complex programs of work (\$5M+).
- * Demonstrated experience of business process improvement and strong problem solving and facilitation skills to drive an outcome.
- * Expert knowledge of all aspects of system implementation, both in-house and customised package solutions in large enterprise environments
- * Demonstrated experience in process review and documentation.
- * Proven track record in successful delivery of a complex program of work, constituting several technology projects to multiple technical and business stakeholders.
- * Demonstrated experience in agile ways of working and the ability to drive adoption within a team.

All our people have the option to take advantage of flexible working, leadership and career development, plus community programs and volunteer days. Tabcorp is committed to creating an inclusive workplace where all our people feel valued for their unique qualities and have a sense of belonging. If you need assistance or adjustments to fully participate in the application process, please contact tabcorprecruitment@tabcorp.com.au
