**Full Time**

 Job mode  
**Standard/Business hours**

 Work Authorisation  
**AUSTRALIAN CITIZEN / PERMANENT RESIDENT**

This role will be autonomous but collaborative and will suit an experienced and highly motivated Management accountant who has experience in costing and a manufacturing environment. Further to providing business decision support, you will be responsible for all manufacturing accounting including the set up and maintenance of standard costing models and maintenance of BOM's. Finally you will also take ownership of forecasting, budgeting and planning for the division.

### **Responsibilities**

- Maintain integrity of the costing systems, BOMs and costing models.
- Delivering on all Management reporting requirements across the manufacturing plants
- Preparing annual budgets, forecasts and financial statements for all operational aspects of ANZ.
- Recording of all manufacturing data including labour and wastage.
- Stock take and stock variance analysis.
- Support Operations with all reconciliations required to support divisional financial aspects.

### **Candidate Profile**

- You are degree qualified Management Accountant, with a CA/ CPA qualification.
- Demonstrable extensive experience in costing and manufacturing with an understanding of the mining industry is highly regarded.
- You will possess confident, engaging, and compelling communication skills.
- Advanced Excel and ERP skills - MS Dynamics highly desirable.
- Confident to identify, introduce and drive best practices.

### **The Company, Culture & Benefits**

The Company is a globally owned leader in mining and manufacturing with operations and sourcing on an international scale. The Company has a diverse and unique product offering to local and international mining operations. You will be joining a tight knit and powerful team with plenty of opportunities to grow within your role.
