### Full job description

#### About the Company

VO Group Australia Pty Ltd (VO) is a leading privately owned company that has the backing of global construction giant CSCEC and its subsidiary CSCEC Curtain Wall, providing the highest quality façade and metalwork, design, supply and construction services to Builders, Architects and Owners. We are now having an exciting opportunity for a driven and talented Design Coordinator to join our team.

#### Position

- Construction Projects Design Coordinator for expanding Façade Industry Company.
- Immediate start on exciting Commercial projects

#### Job Criteria

- Experience with AutoCAD, Aconex or similar
- Experience in drafting
- Allowed to work Full-Time in Australia with no restrictions

#### Your responsibilities will include but not limited to;

- Prepare drawings using AutoCAD
- Checks and verify design/shop drawings to conform to specifications and project requirements
- Check appropriate material selection for project requirements
- Revise drawings and layouts to accommodate changes and enhancements
- Assists and coordinate with the Designers and Engineering team
- Performs peer review of models and drawing sets in accordance with the standards and building regulations
- Identify potential operational issues and redesign products to improve functionality

- Performs other related duties, as assigned
