About Us

McArthur has 25 years' experience providing workforce solutions with over 100 years combined experience within our talent acquisition specialists. We are committed to providing our clients with the highest quality of service to maintain people's independence, choice and control.

The opportunity

An opportunity has arisen for an energetic and self-motivated person to assume the role of Health Promotion Officer for our reputable client. The officer will be a key member of the Population Health and Social Policy Team.

Key objectives of this position include

- Lead the delivery of engagement and consultation activities with children, young people and their families in relation to health and wellbeing. This could include the delivery of community forums, surveys, creative projects etc.
- Participation in VicHealth-led health promotion communities of practice and capacity building activities
- Review and identification of evidence-based health promotion and primary prevention activities that could be delivered by Council to respond to health and wellbeing priorities for local children and young people
- Contribution and review of reports and other materials to ensure a children and young person's voices and needs are considered
- Sharing of information and contributing to a range of projects led by other internal Council teams focussed on improving the health and wellbeing of children and young people
- Design and implementation of health promotion projects and initiatives within the community.

About you

The suitable candidate should possess relevant tertiary qualification in health promotion of a related field or substantial relevant experience
