Full job description

Your new company

A leading mining and civil contractor servicing major clients in the resource, energy and government sectors. The companies goal is to build a large and profitable mining and civil contracting company, not only to generate returns but to provide meaningful, long-term training and employment.

Your new role

This role is offered on a permanent FIFO basis from Perth to the Goldfields region of WA on a 2:1 roster. As the crew supervisor you will be responsible for the following:

- Resource optimisation, implementing inspection test plans and effective execution of the works to agreed project management plans
- Coordinating and running toolbox meetings-start meetings, site inductions and a demonstrated commitment to HSEQ practices
- Coordinate inspections and ensure the quality aspects of the physical work are fully documented
- Maintain positive relationships with client representatives to proactively identify and resolve problems
- Lead & coordinate labour, plant, materials & subcontractors daily
- Strong focus on personal & team safety ensuring daily inspections, JHAs, Take 5s are implemented and effectively run across the project
- Provide guidance and mentorship, training to project crew
