Full job description

- Beautiful DPA location by the coast

Two GP's are needed in Bundaberg to join fantastic Family Practice's owned and operated by the same, experienced Doctor! They are currently seeking full-time VR or non-VR General Practitioners with general or specialist registration with AHPRA.

This would be ideal for a husband and wife team to join their busy and expanding Family Practice Medical Centres. Doctors at these locations average total billings in excess of \$640,000 per year. You will receive a significant percentage of those fees (60-70% billings).

Bundaberg is a progressive cosmopolitan coastal city just four hours north of Brisbane and situated at the southern tip of the Great Barrier Reef. You'll enjoy a lovely tropical climate and a city renowned for the friendliness of its residents, its limitless economic opportunities and a genuinely affordable cost of living. Great community and offers an array of outdoor activity! Perfect for families.

You can enjoy several benefits by choosing one of these Bundaberg Practices:

- Chronic disease care plans means increased billing options!
- Flexibility with your schedule/roster-work the hours you want full or part time.
- Established patient base-very busy practices with no competition between the doctors or other practices in the area.
- Outstanding induction and orientation program.
- Close knit and supportive staff and management team.
- Newly renovated practice with modern facilities and equipment.

19AB exemption is available at one of the Practices and the other Practice requires an unrestricted VR GP.
