Full job description

Your new company

This well-known State Government Organisation and one of Australia's largest Regional Public Transport is currently seeking a Delivery Manager to effectively manage the Annual Works Program which projects may include objectives for creation, renewal and/or improvement of infrastructure, plant, equipment, information technology and business.

Your new role

As a Delivery Manager, you will be responsible for:

- Managing the delivery of AWP to scope, time and budget.
- Ensure project plans are achieved within given timeframes and on budget.
- Execute project management in accordance with the approved Project Management methodology.
- Establish Work Packages and assign/delegate to a Work Package Leader.

What you'll need to succeed

You will have a qualification in engineering as well as proven experience in the delivery of Signal, Track and Civil Projects. You will also have demonstrated project management and experience in rail (infrastructure).
