### Full job description

#### Your new company

Global technology company working with well known Australian clients, looking for a Business Analyst with Insurance domain experience.

#### Your new role

The Business Analyst will be responsible for:

- Gathering and documenting all business requirements
- Translating functional, business and technical requirements into Epics, user stories and process flows
- identify risks and issues
- Create functional specs, implement and test solutions

#### What you'll need to succeed

- Insurance domain knowledge – Specifically Commercial Business lines, Insurance brokerage domain and claims
- Experience of using tools such as Jira & Confluence
- Technical background is a plus (technology such as .net)
- Experience of using any Test Management tools such as UFT or Testrail
- Business Analyst Certification desirable

#### What you'll get in return

Permanent role working with leading Australian clients - salary up to \$105k + super
