Full job description

Sohonet is the global expert in connectivity and data management services focusing exclusively on the media and entertainment industry. With over 20 years experience, Sohonet offers an extensive range of solutions backed up by unrivalled technical support to enable clients to manage and transfer valuable and critical content quickly, securely and effectively. Our Sohonet Media Network is the largest and most established private, high-performance network for the media industry connecting the leading studios, production and post-production facilities across the globe.

Sohonet seeks a Principle Engineer to help with its forthcoming expansion in Australia. The position reports to the UK Director of Engineering. Primary responsibilities include:

- Sales engineering and solution design
- Design and delivery of infrastructure improvement projects
- Senior support for the Sohonet customers in region
- Situational management of escalated issues in region
- Vendor engagement
- Supervision of APAC Support Engineer(s)

This wide role will enable Sohonet to become more technically adept, readily available and customer focussed in the Australian and New Zealand territories; providing growth opportunities for both the company and the local media & entertainment companies by expanding the functionality, and availability of the Sohonet Media Network in the region.

The candidate will have three to five years relevant media & entertainment market experience:

- Should be educated to degree level or an equivalent qualification in a relevant technical field
- Have a good knowledge of the design and implementation of: TCP/IP, BGP, MPLS, ISIS, CWDM/DWDM optical networking and UTM Firewalling
- Experienced with networking vendors including Juniper, Brocade, Arista, HP, Fortinet, Dell, Cisco, MRV, Palo Alto, Xirrus
- Be experienced in or have working knowledge of System Administration of either OSX or Linux Job Types: Full-time, Permanent

Application Deadline: 21/05/2021

Job Types: Full-time, Permanent

Salary: \$90,000.00 – \$100,000.00 per year
