TECHNICAL SUPPORT

Full job description

Your new role

Hays Technology have partnered with a professional services provider looking to build and grow their team in Newcastle, NSW.

You will be responsible for providing technical support on cloud-based products, services and solutions. You will be integral for effortlessly resolving client issues as well as adding enhancements to clients' solutions all while working and coordinating with a global team. In this role, you will build strong relationships with clients and provide exceptional service and support.

What you'll need to succeed

- Demonstrated experience working as an application support engineer for MS Dynamics F&O and / or MS Dynamics CE
- Proven ability to triage client issues and apply quality updates to existing systems
- Strong problem-solving abilities
- Proven experience delivering outcomes to tight project deadlines
- Excellent written and verbal communication skills with the ability to build lasting relationships internally and externally

What you'll get in return
