## Full job description

### What can the role & company offer you:

- A diverse range of projects across Infrastructure (Urban, Land Development, Buildings, Cadastral, General Infrastructure & More)
- Use and training on the latest software's and surveying equipment
- Salary Ranging - \$65K - \$95K + Super
- Car + Phone + Laptop offered
- A successful team offering support and training
- Longevity - Career progression - huge pipeline of work

### Why Choose this Company:

A national, multidisciplinary surveying firm. A family friendly group who can offer that work life balance. They have around 200+ staff nationally.

The team offers a mixed age group, a positive environment, a strong willingness to do well and to get the best results, as well as really wanting to promote from within. This position is open due to new project wins and not for replacements. High salaries and paid OT.

### Location:

Brisbane area

### Your talents will include:

- Degree or Diploma Qualified
- As-Built - As Constructed Surveying
- A mix of construction & cadastral would give a high advantage but not essential
- Preliminary surveying / Site set out Surveying across any associated Civil Construction - Infrastructure or Urban Development projects (Roads, Utilities, Pipelines, Subdivision, Buildings, Highways, High-rise etc...)
- Be able to work autonomously or as part of a team

- Drivers licence

The ideal candidate will have worked on prelim/construction set out of subdivisions - buildings - urban development - Roads - Rail - Tunnelling - Treatment plants or other associated civil construction projects.
