Full job description

Service Technician Share Deadline: Oct 7 Country: Australia Location: Broken Hill NSW, New South Wales Job-ID: R0031869 Job category: Sales and Product Service Sandvik Mining and Rock Solutions Service Technician Broken Hill Our Company and Culture Sandvik Mining and Rock Solutions is a business area within the Sandvik Group and a global leading supplier of equipment and tools, parts, service and technical solutions for the mining and construction industries. In 2020, the Sandvik Group had approximately 37,000 employees in more than 160 countries. We conduct business in a sustainable and responsible manner. To achieve this, we always act in line with our high ethical standards, putting safety first and always showing consideration for the environment and the communities in which we operate. The safety and well-being of our employees and the environment are our core values. Finally, we care about others and build relationships based on honesty, respect and trust. At Sandvik, we recognise that we are strengthened by diversity. We are committed to providing a work environment in which everyone is included, treated fairly and with respect. We are an Equal Opportunity employer and we encourage applications from women and Aboriginal and Torres Strait Islander people. The role Sandvik is seeking applications from motivated individuals for a Service Technician to carry out mechanical duties, repairs, fault diagnosis work, pre-delivery work, rebuild work on all mobile and fixed machines/components as directed, and general workshop duties as required. The role is responsible to ensure efficient maintenance of our clients fleet of Sandvik Mining equipment, working on-site and in the workshop. This is a 7 on, 7 off roster. Areas of responsibility * Carrying out general mechanical duties, maintenance, repairs, and fault diagnosis work on all Sandvik Mining equipment. * Performing mechanical maintenance duties as per maintenance plans while upholding the integrity of the equipment and ensuring safe operation is not compromised. * Providing feedback for efficient maintenance planning improvements. * Record keeping of parts usage, equipment monitoring, time records. * Adhering to all policies & procedures, especially EHS policies Your profile You have a qualification in a mechanical trade plus a

minimum 3 years post-trade experience. Experience with surface drills, previous experience with Sandvik equipment will be looked upon favorably. You have a strong commitment to EHS as you keep safety at the forefront of everything you do. You must have the right to live and work in this location to , a valid drivers licenses and the ability to pass drug & alcohol test, reference checks and police checks. Agencies need not apply. What we offer * Options for additional superannuation contribution (2.5% above the superannuation guarantee) * An Employee Benefits Program including salary sacrifice options, a company-wide bonus scheme, and Length of Service Recognition program * Company funded paid parental leave which includes superannuation contributions during the leave period * Training opportunities for employees from internal programs to contributions towards external studies * A Sandvik Wellness Program for employees who want to improve their health and wellbeing Sandvik is proud to be a Work180 Endorsed Employer for Women. If you would like to know more information about how we are supporting our employees, you can view our policies and benefits on the Work180 website. Recruitment Specialist Sam Lingman 0448 044 698 Applications close: 08-10-2021 or sooner if the right applicant is found Deadline: Oct 7 Job-ID: R0031869
