Full job description

Risk Analyst Coles Supermarkets Hawthorn East Requisition ID: 30460
 Employment Type: Full time Good things start here This could be the very first step towards an exciting new career with us a fresh beginning. At the Coles Group, these are moments we live for. Starting good things is what drives our purpose: to sustainably feed all Australians so they can lead healthier, happier lives. With a team of 120,000 people and an iconic portfolio of Australia's most trusted brands, we're perfectly positioned to turn a promising start into a whole lot more. For a company as big as ours, the regulatory environment is naturally complex. Because we operate across a range of legal remits, our Legal team are trusted advisors to the business. With such a deep understanding of our goals and values, we provide practical and commercial advice when its needed most. About the role An exciting opportunity for a Risk Analyst to join our Group Risk and Compliance (GRC) function and support the team with administering the Governance, Risk and Compliance tool on behalf of the team and the broader Chief Legal Teams. You support the Group Risk Manager in the implementation of the risk framework through the GRC systems. You help in pulling together the risk data and distilling it into easy-to-understand formats for non-technical business stakeholders. What you'll be doing * Be the main point of contact for the use of the GRC Tool and for GRC user queries and support * Establish, support, and facilitate GRC user group meetings to ensure effective governance of the system and to build organisational awareness and capability in the effective use of the tool to support risk management and compliance activities * Analyses risk and control data to determine emerging risk exposures, and opportunities to improve the control environment * Facilitates and contributes to the delivery of risk reporting to the Board and its subcommittees, to Coles Executive and Management, and to various stakeholders across the functions and business units * Engage with key internal stakeholders and the vendor to design, implement and configure solutions for risk and compliance Good things you'll need * Proven experience in enterprise risk management with strong understanding of risk management and compliance frameworks, principles and practices in a complex regulatory

environment or consulting environment * Experience working with and strong understanding of governance, risk and compliance systems and tools * Capable in analysing, interpreting, presenting and reporting complex information * Excellent written and oral communication skills with ability to build relationship with a variety of stakeholders * Highly customer focused and committed to timely resolution of issues in a fast-paced environment * Capacity to handle change in a fast-paced environment and to multi-task and project manage competing priorities * Solutions-focused with good problem-solving skills and a can-do attitude * Tertiary degree in risk management, finance, economics, IT, engineering or relevant discipline #LI-PC

Why Coles? We're committed to making this a great place to work, from day one. From flexible working arrangements to discounts across all our internal brands (including 5% off at Coles supermarkets!), there are plenty of reasons to love working here. Explore all this and more at our Coles Careers website. Coles Group is an endorsed employer for all women. See our range of benefits and policies directly at WORK180: Coles Group Work180 Endorsed Employer For everyone who shares our passion We encourage applications from people of all ages, nationalities, abilities and cultures including Aboriginal and Torres Strait Islander peoples, the LGBTQI+ community and people living with disability. We're happy to adjust our recruitment process to support accessibility needs so reach out to us at www.careers.colesgroup.com.au > Careers for everyone > Disability employment. We'd love to meet you If you have the skills, experience and motivation to succeed in this role, please take the next step and submit your application.
