Full job description

Our tech teams deliver gaming moments that pack a punch – for industry partners and their customers. Think intuitive, joined-up, real-time digital experiences that make it easy for customers to choose the play that’s right for them.

Not forgetting the support we provide to thousands of venues across Australia. That means maintaining, updating and creating leading-edge gaming software. Life here is about using technology to make great moments better, as well as developing all-new digital experiences. It’s about shaping an industry. Let’s get started.

Gaming Services Platforms - Connects as a crucial interface with the Gaming Services business teams and is looking for a Operational Vendor Manager to join their team

What you’ll do

You will implement Vendor Management sourcing strategies for the Gaming Services Platform team by identifying requirements including current/potential outsourcing activities, strategic procurement, vendor health and contract
