Full job description

Materials Planner LOCATION: Ballarat, VIC, AU, 3350 JOB CATEGORY: Supply REQUISITION NUMBER: 1206781 . Mars Wrigley Australia currently have a brilliant opportunity for an experienced Materials Planner to join our well established, collaborative and supportive supply planning team based in Ballarat. As the Materials Planner, you will be responsible for sourcing materials, coordinating and ordering inventory for our Ballarat and Asquith sites, and will monitor and track stock levels and orders to ensure sufficient supply of materials for delivery into our warehouses. What would be your key responsibilities? Manage and coordinate inventory and supplies on SAP Monitor shipping and delivery schedules Advise sites of available materials and any supply issues Identify improvements in stock management and supply planning What are we looking for? Working knowledge and experience with SAP Experience in a similar supply chain or planning position in food production or production Ability to work under pressure in a fast-paced environment Exceptional attention to detail, time management and problem-solving skills This is a great opportunity to join a supportive and highly collaborative team with a leading organisation. To succeed in this role, you will have a natural ability to build strong relationships and will effectively quantify inventory and stock requirements, utilising your understanding of supply chain and planning. If this sounds like the opportunity youve been waiting for, then

apply now and start your journey with Mars today! What can you expect from Mars? Awarded #4 in the Best Places to Work Australia survey for 2020 Enjoy a great culture ensuring that the world of tomorrow will have even more smiles Opportunities to learn and grow with continued support throughout your career Join the worlds leading manufacturer of chocolate, chewing gum, mints and fruity confections . Job Segment: ERP, SAP, Technology
