key role in influencing project delivery across a range of land and urban development projects.

The Responsibilities

As well as being the go-to person for civil drafting, you will help to guide and mentor junior members of staff. You will work across projects of all sizes - from large-scale major subdivision and urban development projects to overseeing junior members of the team delivering smaller projects.

The Requirements

As the successful candidate, you demonstrate:

- 6 years + experience working as a Civil Drafter / Senior Civil Drafter within an engineering design consultancy environment
- Currently operating as a Senior Civil Drafter or ready to take the step up
- Experience working on land and urban development projects
- The ability to work autonomously as well as part of a team
- The desire to mentor and guide junior members of staff
- Full working rights in Australia

This is a great opportunity to work for a consultancy based on the North Shore who genuinely value their staff, provide an enjoyable and engaging working environment and who can offer long-term job security.
