Full job description

Location: Macquarie Park (surrounds)

Salary package: \$125-130k + Super

Role highlights: Longstanding services company with national reach, high performance culture and create financial systems and reports that drive critical decisions.

Role Overview:

As the Financial Systems / Business Analyst you will be 100% systems based reporting to the Financial Controller. You will be responsible for driving changes around efficiency, reporting and analysis.

Business partnering across the organisation. This role will give you the opportunity to provide highly effectual recommendations on total system improvement to key stakeholders in the business.

Responsibilities:

- Audit, consult with business unit managers to recommend system improvements and efficiencies.
- Manage, implement and train users on new ERP
- Create dashboard and reporting protocols.
- Management of daily reporting, resolving errors and facilitating anomaly diagnostics.
- Supply day to day support to system users throughout organisation.

Candidate Profile:

- Proficient in Microsoft Dynamics Great Plains
- You are degree qualified Accountant, a CA/ CPA qualification desirable.
- Demonstrable Financial accounting experience.
- You will have advanced MS Excel skills and SAP ERP experience with familiarity across a broad selection of programming languages
- You will possess confident, engaging, and compelling communication

skills.

- Strong analytical skills with mindset that is focused on improvement and change.

The Company, Culture & Benefits:

The Company is a global brand with operations in most Asian countries. The Company has a diverse portfolio of business units across multiple verticals and is currently going through a period of rapid growth.

With a heavy emphasis on staff satisfaction, they often promote internal growth amongst employees and offer generous benefits to longstanding employees.
