Full job description

Our client own and operate a modern, clean and reputable workshop in the heart of Sydney. Due to growth of the business, they are seeking qualified Automotive Technician who can work quickly and efficiently, whilst producing good quality work.

This independent, clean and modern workshop offers extensive services to their customers including logbook servicing, general servicing up to major repairs to all model light vehicles. They also offer E-Safety inspections for NSW and offer tyre fitting and wheel alignments.

They are looking for technicians who take great pride in their work and offer exceptional customer service to their clients. They want people who are adaptable and who can think on their feet. Technicians that can think outside the box and is able and willing to get the job done right. Diagnostic abilities are highly desired. You must have the ability to work in a fast-paced environment and produce high quality work, efficiently.

Essential requirements:

- Must hold your full qualification in Automotive (Light Vehicle)
- Hold a valid manual driver's license
- Have effective communication skills
- Be a strong team player
- Be proficient in diagnostics
- Be committed to workshop safety
- Have excellent customer service skills
- Be a hard and diligent worker
- Have the ability to work in a fast-paced environment
- Be committed to customer satisfaction

In return for your hard work, you will be offered a very attractive remuneration package, good career outlook and be able to work in a close team environment.
