The position.

Our Sales and Food Preparation Crew Members are the lifeblood of GYG. You are on the front line, greeting customers, taking orders, problem solving and weighing-in with expertise on custom food designs. Every day you'll have the opportunity to recommend products, add on's and promote your favourite menu items with new and repeat guests.

With some training and time you'll become a specialist in all things GYG and be depended upon as the critical connector between our customers and our kitchen.

There is never a dull moment – Through quiet periods you'll be preparing for the busy ones. Helping out in other areas of the restaurant, restocking fridges, some basic food prep, wiping tables, and learning other roles across the team.
