#### The Role

You'll play a vital role in helping our clients enjoy their space, by cleaning and sanitising their carpets and upholstery, as well as addressing stains and flood damage. You will be interacting with people regularly, so this role will suit you if you have a happy disposition, like working independently and hate the idea of being in one spot all day. #### About you

First and foremost, you are customer focussed and looking for a role in a friendly team. If you don't already have some experience in cleaning, we offer great training. Perhaps you are already working on the road as a delivery driver or in customer service role and are ready for a career change. If you have great attention to detail and are looking for a long term career move, let's talk.

**You'll enjoy this role if:**

- You have a sense of humour
- You have a full, clean manual driver's license
- You are confident to write up invoices and can use mobile apps
- You are fit and able to load/unload equipment up to 30kg (with good manual handling procedures)

**What we offer**

We have regular team BBQs and a supportive culture. As well as the training to become a Master Technician, we also regularly review pays so you can progress quickly and we offer performance bonuses.
