PLUMBING

Full job description

Your new company

Hays has partnered with a well-known national plumbing contractor where a fantastic opportunity has arrived to join one of Melbourne's well-established heating and cooling companies as a Mechanical Plumber. They specialise in all areas of commercial and semi-commercial air conditioning installations. Our client always strives to look after their employees. This role allows you to work independently, and you will be trusted to represent the company professionally on client sites. They are dedicated to OH&S and expect the same commitment from their employees. This role has the potential to become full time for the right candidate!

Your new role

As a qualified mechanical plumber, you will hold the relevant competencies, experience and knowledge in work related to the mechanical class of plumbing. Here, you will be responsible for installing new or replacing old ducted systems, split-systems, VRV/VRF systems and work with evaporative cooling, gas heating and hot water services in this role.

What you'll need to succeed

- VBA Registration & Qualification
- Hold a white card
