Full job description

As the genuine alternative to global digital transformation players, working with ASG offers variety, transparency, and the opportunity to play a role in supporting the success of some of Australia's largest brands and government agencies.

We are more than an IT company. We're a team of innovators, strategic thinkers, and problem solvers, united by our values of Accountability, Initiative and Grit.

WHAT MAKES US ASG?

We are a community united by our dedication to living our values of Accountability, Initiative and Grit.

Our highly talented people genuinely care about each other and it is this supportive culture that makes ASG a great place to work. Through the breadth of our services, you will gain exposure to a diverse range of clients, industries, and technologies.

We offer you the flexibility to choose how you get the job done around the things you love. You will have the trust, support and autonomy to do your job and do it well. We value on-the-job learning and provide opportunities for professional development to help our ambitious, high achieving people pursue their goals. At ASG, your success is inevitable.

THE OPPORTUNITY

ASG has multiple job opportunities for Program Managers to join #TeamASG. The Program Manager will be providing leadership of transformation programs and ultimately be responsible for the delivery and overall success of the program to achieve strategic objectives.

Reporting to the Program Board, you will manage diverse stakeholders and lead a team of senior team members.

Managing programs within different industries, the Program Manager will

typically:

- Plan and design the program and proactively monitor its progress, resolve issues and initiate appropriate corrective action
- Define the programme's governance arrangements
- Ensure effective quality assurance
- Manage the programme's budget, monitor expenditure and costs against delivered and realised benefits as the programme progresses
- Manage communications with all stakeholders
- Manage both the dependencies and the interfaces between projects

DESIRABLE EXPERIENCE

- 3-6 years' experience as Program manager
- At least 10 years of experience in delivery of major programs which involve organisational change, complex stakeholders, and large teams.
- Effective leadership, interpersonal and communication skills
- Highly developed coaching and facilitation skills
- Good knowledge of techniques for planning, monitoring and controlling programmes .
- Business case development and benefits management
- Exceptional project and Program management skills
- Able to find ways of solving or pre-empting problems Exceptional communication skills
- Advanced commercial acumen and vendor management
- Agile certification required

WHAT'S IN IT FOR YOU?

In exchange for your exceptional technical skills, customer focused performance & out of the box thinking you'll be rewarded with a career changing experience only consulting can provide. Unwavering focus on professional development

- Diverse & challenging project work
- Paid certifications
- Flexibility to juggle what's important to you with work
- Committed health & wellbeing plan
- Competitive salary packages
- Corporate partnerships

DIVERSITY & INCLUSION

We celebrate the diversity of people, and we pride ourselves on ensuring everyone belongs. As an equal opportunity employer, we want to create opportunities for everyone and will consider all applications without bias. We value our collaborative culture and work together to support a variety of community organisations and social issues.
