Full job description

At I-MED Radiology we believe in working as a team and delivering high quality healthcare, to every patient, every time.

If these are the kind of values you strive for, then we'd like to talk to you, because at I-MED we recognise that to be the leader in our industry, we must invest in our people, systems and technology and put the patient at the centre of everything we do.

The friendly and supportive Gippsland team are looking for an experienced Sonographer to join them. You will be based predominantly in Traralgon and will have some on-call requirements.

Working for I-MED offers you:

- Commitment to continuing professional development (CPD) and career advancement
- Opportunities to progress with I-MED's continued growth and expansion
- Latest imaging equipment and continued investment in new technology
- The shared collective knowledge and support of the I-MED network
- Competitive remuneration package with flexible work options
- Commitment to your health and well-being, including access to employee assistance program
- Work in a beautiful location with beaches, farmland, mountains and lakes

Key accountabilities include:

- Consistently delivering high quality and efficient ultrasound imaging services
- Working together with doctors, technicians and clinic staff to ensure smooth, seamless patient care
- Promoting and maintaining the highest quality and safety standards

Key selection criteria:

- Current registration with the Australian Sonographer Accreditation Registry (ASAR)
- Previous experience practicing sonography in a busy clinic or hospital environment
- Ability to work collaboratively with a diverse range of health professionals and corporate staff
- Experience using Philips equipment desirable
- New graduates will be considered for this position

Victorian Government Direction which applies to the role

On 30 September 2021, the Acting Victorian Chief Health Officer issued a direction regarding requirements for workers in all healthcare settings to be vaccinated against COVID-19 (**Government Direction**). The Government Direction applies to all staff working in I-MED's Victorian clinics (both suburban and hospital clinics) and requires staff to be vaccinated due to the risk to public health.

Under the Government Direction, all staff working at I-MED's Victorian clinics (both suburban and hospital clinics) must be fully vaccinated by **15 December 2021**.

From **15 October 2021**, all I-MED staff in Victoria that work at or visit our clinics, must be able to, provide evidence to I-MED showing they have:

- received at least their first dose of a COVID-19 vaccine by 15 October 2021, or
- an appointment to receive at least their first dose by 29 October 2021, or
- a valid medical exemption evidenced by an authorised medical practitioner (as described in the Government Direction).

From **30 October 2021**, all I-MED staff in Victoria that work at or visit our clinics must be able to provide evidence to I-MED showing they have:

- full COVID-19 vaccination of two doses, or
- one COVID-19 vaccination dose and a booking for a second by 15 December 2021, or
- a valid medical exemption evidenced by an authorised medical practitioner.

During our interview process, we will be asking you to please confirm your ability to meet the above-mentioned requirements, noting these are legal requirements under the Government Direction and accordingly are requirements of the role.

If you are the successful candidate, we will ask you to provide us with your vaccination certificates (or other evidence, such as a valid medical exemption) before we are able to make an offer of employment to you.

By providing the required information to us, you consent to our collection, use and handling of your personal information (including health information) as specified in I-MED's [People Privacy Policy](#) available on www.i-med.com.au/careers

If you're looking for the next step in your career and are passionate about the delivery of excellence in medical imaging services to patients, referrers and the community, we encourage you to apply today.

Discover new opportunities and join us on the journey to become the most respected and trusted medical imaging specialists in the world.
