Full job description

ITEC Health is a national organisation with offices in most states and territories. We offer services across multiple sectors including aged care, disability, youth and childcare, and have a highly skilled and tight knit Allied Health team. Due to our growth over the past 12 months, we are currently recruiting for our QLD offices with flexibility to work from Brisbane, Mackay or Rockhampton. ITEC Health offers professional development, supervision, potential career advancement, and the chance to travel to regional and remote areas of Australia all within a fantastic, supportive and well-respected team!

Job Description

The Role:

- Provide high-quality assessments and intervention strategies.
- Manage a mixed caseload with complex and varied needs.
- Be able to work with clients of all ages, their families and carers to identify strengths, skills and goals.
- Use appropriate assessment tools and methods to assess strengths and areas of development, to identify suitable intervention strategies.
- Therapeutic supports in multiple environments including office, schools

and individual homes.

Desired Skills and Experience

Requirements:

- Tertiary qualification in Occupational Therapy and current AHPRA registration.
- Experience delivering therapeutic supports.
- Demonstrated ability to manage a caseload and administrative responsibilities.
- An understanding of the NDIS framework is desirable.
- Ability to work autonomously and as part of a team.
- Demonstrate excellent communication skills.
- Computer competency
- Hold a current First Aid Certificate (including CPR)
- Hold current/relevant national police check and appropriate clearances.
- Must have a valid driver's licence and willingness to travel as required.
